

Secondary MFL ECT+ Conference 24-25

7 July 2025

This inaugural MFL ECT Conference offers the opportunity to reflect on and further develop the skills required to become an excellent languages teacher.

Our aims:

The conference will deliver less experienced MFL teachers up-to-date CPD to support their sustained success in the classroom. Led by experienced Hampshire MFL Heads of Department, the conference will cover current areas of language teaching pedagogy in the context of the new GCSE. This course will also provide a network of support for teachers to discuss MFL pedagogy and share ideas, which may be particularly useful to those with limited subject specialist support in school.

Conference content:

The key ingredients of an excellent language teacher will be explored in detail, as we consider various aspects of routines, lesson planning and teaching and learning to ensure all pupils make progress.

Conference sessions

Routines in the MFL classroom

The science of learning in MFL

Effective and engaging grammar teaching

Developing speaking skills

Key Stage 4 teaching and the new GCSE

Assessment and feedback

Important information:

This course is designed for ECTs and those with up to four years MFL teaching experience.
